

A Dangerous Atrophy Novel Chapter 24 To 26

Chapter 24 Do You Look Down On Anna Jian

“Danny Shen, what you said to Anna Jian later was very hurtful. Do you know the watermark advertising test?” Elicor followed Danny Shen and said his feelings.

“Do I need to consider how she feels?”

“You have always been so self-willed? You treat her like this now, what if you regret it in the future?”

Danny Shen handed a cigarette to Elicor, and smiled disapprovingly: “Smoke a cigarette, don’t think about it.”

regret?

Will he regret it?

It is impossible.

Elicor stopped talking, in fact, he also felt that with Danny Shen’s character, he would never regret anything. Even with the accident of Adriana, Elicor never saw Danny Shen regret it.

“have a drink?”

“I have something to go to the Donghuang to deal with.”

Elicor immediately followed Danny Shen to the East Emperor with a faceless expression.

Donghuang Entertainment, Alora Smith asked Susie to come to the office.

“Anna Jian is in the same dormitory with you. She is sick, so you didn’t notice any strangeness?” Alora Smith sat on the sofa and asked the girl in front of her.

In fact, she had no impression of Susie. It was just that Anna Jian did not come to work yesterday. She went to the personnel department to check the specific address of the

employee dormitory where Anna Jian lived. By the way, she saw Susie in the same dormitory on the employee dormitory registration form.

Alora Smith, this woman, not to mention that she came from the sea of swordsmanship, but anyone had seen it.

The employee in the same dormitory, the other person did not come to work, and her body was abnormal, so Susie was really so heartbroken that she didn't notice it at all.

It can only be said that Susie deliberately ignored Anna.

Alora Smith is still impressed by how dangerous the situation last night is. When he saw Anna Jian in Anna Jian's dormitory, the other party was already in a mess.

If it weren't for her to rush over in time, I'm afraid Anna Jian would have explained that there was a life. Alora Smith didn't care about Susie's indifference and ignorance, but if Susie's indifference and ignorance killed a living... such a person, she would not dare to stay.

Alora Smith has always been careful in doing things. Just now she went to check the relationship between Susie and Anna Jian. What's interesting is that she heard something unexpected from the mouth of Princess Luna in the private room of box 606.

Susie was still a little restless. As a target Susie had not dared to reach before, she specifically called her to the office today... Susie was called because she thought she had done something wrong.

But at this moment, I heard Sister Alora mention Anna Jian... Susie's heart was relieved.

It turned out that it was just because she and Anna Jian were in the same dormitory, so she was asked routinely, which scared her to death.

"Sister Alora, I'm not familiar with that woman."

That woman? ... Alora Smith raised his head, glanced at the girl in front of him, and gradually raised his eyebrows, spoke with interest, and asked unhurriedly, "That woman?"

Susie looked at Alora Smith's expression, feeling a little at a loss. But she thought about it carefully, and she didn't say anything wrong, what does Alora mean?

“Susie, do you look down on Anna very much?” Alora Smith Niutou suddenly asked in an awkward manner.

Of course, that kind of woman, who can value her? ...Susie wanted to answer this subconsciously.

But subconsciously, I feel that saying this directly will destroy her image in Ms. Alora's heart... Actually Susie is really worried, Alora Smith is very busy. If it weren't for Anna this time, who would know her Susie? who is it.

Susie organized the language in his heart, and then looked at Alora Smith cautiously and said: “Those things she did without dignity have been spread by the Eastern Emperor, how could she lie on the ground and shake it for money... What about picking up money? Sister Alora, everyone is calling her very, very, very...”

At the end, Susie looked ashamed even when he said it.

Alora Smithqi's face suddenly smiled, like the winter snow that melted into ice in the early spring, and it was a little abnormally brilliant.

Susie thought, she didn't say anything wrong this time.

Thinking of Anna Jian, Susie felt shameless.

Alora Smith smiled and looked at Susie, “How's that? Very shameless? Or very cheap?” The delicate and bright red lips hooked, and she looked down on Susie.

Suddenly smiling back, Alora Smith said mockingly, “I've read your information. Are you a student of s University? Do you think you are out of the mud but not stained? You are innocent and clean?

Do you think Anna Jian is very humble and unworthy to live under the same roof with someone like you, so even if she is sick and she does not come to work, you can completely ignore this person? “

Susie was puzzled, and looked at Alora Smith in confusion...what did Alora say?

She is a student of s University anyway, so she wouldn't even be unable to tell whether Alora Smith's words were complimenting or sarcastic.

Alora Smith stood up suddenly and walked to Susie's body. Alora Smith was there, wearing high heels, standing in front of Susie, instantly comparing Susie to a short distance.

Alora Smith has been in shopping malls for many years, wearing professional attire, full of queen style, this is not comparable to the young Susie.

"Susie, do you think you are noble and you are innocent? You have lofty ambitions? You look down on Anna Jian in your heart? I tell you, Susie is not as good as Anna Jian!"

Susie was not convinced: "Sister Alora, what you said is too much! I tried hard to get into a college. I am a college student of a college, will not be able to compare to a shameless woman who doesn't even want dignity? I also have no money. I am not willing to do everything for money. Although I work in Donghuang, I have always been a fuwu student. I am different from Anna who is willing to sell everything for money!"

"Ha~" Alora Smith sneered, "Don't think about how noble you are. The wealthy merchants and princes of the Eastern Emperor who come and go, whoever will put pressure on you, where do you think Susie can be noble?"

Do you remember what happened in Box 606 that day, if it wasn't for Anna Jian's softheartedness to help you out of the siege, do you think you can still stand here and talk cold words? "

Susie's face turned pale, she remembered what happened that day, but, but, doesn't this mean anything?

"Even if what Sister Alora said is true, Anna helped me out easily, but I didn't let her go to school for money and lie on the ground to please those guests. In the end, she is for the money. , Just did that. What does it have to do with me?"

Alora Smith is simply happy, it's not worth it for Anna. Take a closer look at this Susie...

"Tsk tusk, why did Anna save you such a thing?"

Chapter 25 Do You Think You Are Noble Than Anna Jian

The humiliation in Alora Smith's words, Susie's face turned blue when she heard it, and she hurriedly angered Alora Smith: "Sister Alora, why do you insult people! It's true that

Susie was born under the Eastern Emperor, but I rely on myself. His hands and his sweat make clean money!

Every penny is earned by my own hard work, sweat and tears, and no penny is earned by betraying my self-esteem like Anna Jian. I think I live a very open, innocent life, why should I be humiliated by Mengjie? “

Alora Smith couldn't help but smile: “Susie, I can tell you very clearly that if Anna hadn't helped you out that day, you wouldn't show your face to the son of the Xi family. You would have been rectified by the son of the Xi family. Anna is in the same situation now...oh no, you still can't compare to Anna!”

Alora Smith smiled contemptuously: “You can't do what Anna can do.”

“Of course I can't do things like that shameless and dignified thing, Susie will never do it in my life.”

Alora Smith nodded: “I hope you can still say that in a week.”

She didn't bother to talk nonsense with this innocent girl, if after experiencing the persecution, Susie could still be so innocent, that would be true innocence.

“A person's depravity is one of his own choice. Let alone a week later, it will be a month, a year, a lifetime. I always say that. I will never do something like Anna that can sell everything for money. Come.”

Alora Smith let out a “um” and stopped looking at her: “Well, you can go out.”

“Sister Alora, I'm out of work.” Susiehu turned around with a face.

As he walked to the door, Alora Smith's voice came from behind: “Susie, remember, what Anna Jian suffered today should be what you Susie should bear since offending the son of the Xi family. In this world, There is always something that can force you to bow your head. Since you don't read Anna's goodness, then I don't have to protect you anymore.”

Susie disagrees. Alora Smith's shelter has not been felt since she entered the Eastern Emperor. I deeply believe that Alora Smith's so-called asylum is not mentioned at all.

But soon, Susie finally understood how important Alora Smith's shelter was in the East Emperor.

At Donghuang Entertainment, fuwusheng is at best being molested by customers, but nothing is too much. This is due to Donghuang's reputation and strength, as well as Alora Smith's principles.

Susie left Alora Smith's place, and soon, a small whirlwind blew in the entire Eastern Emperor.

Susie didn't feel it at first. He was a student who was better than her and was also a university student. He secretly asked Susie, "What have you done to offend Sister Alora?"

When Susie heard this, he became angry: "Is Ms. Alora going to punish me?"

"Don't laugh, Sister Alora will never really go to deal with that fuwu student because a fuwu student said something wrong and did something wrong. Sister Alora will just wave his hand and ignore this fuwu student."

Susie curled his lips: "I still wonder why the matter is, isn't it just seeing me not pleasing to the eye, I can just avoid her."

"You... do whatever you want, so you can do it yourself." Fuwusheng who has a good relationship with Susie doesn't say much. Seeing Susie like this, he doesn't care about this matter at all. People don't care about it, she is alone. Outsiders take care of their nostalgia, and they don't have to be gossiped.

Sitting in the office, Alora Smith didn't worry too much about Susie's affairs.

This time, it wasn't because Susie really didn't know how to be grateful. It didn't matter if he didn't know how to be grateful. He also satirized his benefactor in the mud, and Alora Smith would not say that he was angry because of a fuwu student.

Yes! She admitted that she had a preference for Anna Jian that stupid woman. Seeing Anna is like seeing himself back then. Thinking of my own hardship back then, I couldn't help but protect Anna Jian this stupid woman more.

However, if it were not for Susie's own death, she would not be cold.

She had already asked everything about the 606 box that day. Just like what she said, Anna Jian was troubled to relieve Susie, and since then he also suffered this crime for Susie.

If it hadn't been Susie's rescue, according to the situation in the box at the time... Alora Smith guessed that the man Danny Shen would not recognize Anna Jian.

Alora Smith stood up, and as soon as she left the office, she ran into Danny Shen and Elior.

"Mr. Shen, Mr. Bai."

Elior laughed and joked, "Alora Smith, are you giving me a hug?" No, Alora Smith happened to be out of the office and crashed into Danny Shen's arms.

Danny Shen didn't respond much, so he straightened Alora Smith and pushed it out.

Elior made another joke: "Danny Shen, I said that you just don't know how to pity and cherish jade. Alora Smith, a beautiful woman, has embraced you, so you just push people out?"

"You want? Change you." After finishing coldly, Danny Shen directly put Alora Smith into Elior's arms: "Alora Smith is my capable man, Elior, you have to treat people well."

"Um..." Brother, I was wrong, can't I be wrong?

Elior wanted to cry without tears.

Alora Smith withdrew from Elior's arms calmly, and then took care of her clothes, and looked at Danny Shen, "Mr. Shen, Anna Jian, she..."

"Can't die."

Alora Smith was stunned by Danny Shen's words... This person's words just made them speechless.

"Oh... Recently, the people below are restless, spreading gossip and disturbing people's hearts. I'm going to talk to them." Alora Smith Niutou said to the horse.

But Danny Shen seemed to listen, her black eyes moved: "Whose gossip?"

"Anna's." Alora Smith said, "The incident in Box 606 that day was spread out. Now, in the entire Donghuang, no one does not know about Anna's box that day."

She only said so much, not much details.

Only talking about Anna Jian in the box, but not talking about Anna Jian in the box.

But obviously, Danny Shen understood it all at once!

In an instant, the two eyes that were still calm and waveless just now shot bright light, falling on Alora Smith's face, and asked in a calm voice, "Who said that?"

"I just learned about this." It wasn't just for Susie's question. Alora Smith didn't know about it. After all, it was secretly spread, and it was only two days. After hesitating, Alora Smith said, "If I guess it is right, it is Luna, the princess in the 606 box." That day she caught Luna and peeked outside the box. Except for Luna, no second candidate.

"Go and find her." Danny Shen's eyes were cold, and she squinted and asked Alora Smith another thing: "What's the matter with Anna's throat?"

This matter, when Anna Jian handed over fifty thousand yuan to Alora Smith that night, Alora Smith was suspicious, so she also checked it later.

"It's a newcomer in the gongguān department, called Jenny. He pulled Anna Jian into his guest's box. It is estimated that he wanted to straighten up Anna Jian, so Anna Jian sang nearly fifty songs in a row, all of which were high pitched. ."

Chapter 26 Don't rush one by one

Originally, there were only three people in the box, the customer, Jenny and Anna Jian. If Anna Jian didn't say this, no one knew about it. However, Jenny treated it as a joke and told gongguān. The others listened.

Alora Smith also knew.

Elior said "fu*k", "Would you like this cruel? This Jenny is really a cruel person."

After Danny Shen listened, a layer of frost formed on her face, and she nodded at Alora Smith, "Bring this Jenny here by the way. I'm waiting in Box 606."

After speaking, walk back to the elevator.

Elior followed Danny Shen and clearly noticed that his friend was suppressing his anger.

Hooking his lips, Elior's eyes flashed with exaltation...this is interesting.

Others bullied Anna Jian, and Danny Shen suppressed his anger... What does this mean?

Elior hooked his lips again.

...

Box 606

Luna and Jenny stared at the two men sitting on the sofa.

These two are jipins!

When Alora Smith asked Luna and Jenny to box 606, the two people thought that the gold master came specifically for them and ordered their table.

Entering the box, Luna and Jenny's eyes lit up instantly.

Danny Shen and Elior, these are still very important figures in Donghuang Entertainment!

"Which is Luna? Which is Jenny?"

In the box, Danny Shen was sitting lazily on the sofa, asking in a low, magnetic voice.

"Me! I am Jenny!"

Luna glanced at Jenny beside her, and curled her lips secretly... She was so angry that she would rush on seeing a man. Catch up on being played with, huh!

Although I thought so in my heart, Luna took a step forward, "I am Luna."

The wine and fruit plate were already placed on the crystal table. Elior poured a glass of red wine on his own, taking a sip of the wine while watching the show, while looking at the two coolly dressed women in front of them, especially when seeing these two women. Elior blocked the sneer from his lips with the naked seduce in his gaze.

"Who will come first?" Danny Shen said lightly, and Elior almost choked his throat with a sip... Hey, brother, if you want to talk so ambiguously, you will be misunderstood!

"President Shen, I will pour you wine." Luna said smoothly.

Not to be outdone, Jenny deliberately stood up her plump and proud, and smiled coquettishly and said, “Mr. Shen, Sister Luna will pour the wine for you. Let me feed you fruit.”

Elior smiled at Danny Shen and nodded and said, “No hurry, come one by one.”

Ha~

Elior was about to laugh.

The two women in front of me didn't even know that the time of death was coming.

At this time, Alora Smith knocked on the door and walked in, carrying a suitcase in his hand: “President Shen, I brought the things you want.”

Under Danny Shen's sight, Alora Smith put the suitcase on the crystal table and opened the suitcase with a click.

When the small xiāngzi opened, there were two breathtaking sounds in the box.

“Huh~”

Luna and Jenny stared at the stacks of banknotes in the xiāngzi with their eyes shining brightly, and their souls were gone.

The man on the sofa suddenly got involved, the model's generally slender figure, and suddenly attracted the attention of the two women, Luna and Jenny.

Danny Shen grabbed a large stack of banknotes, and in front of the two women, she threw them into the air, acting extremely chicly, “You,” he looked at Luna, ignoring Luna's naked eyes, and said indifferently: “Lie on the ground and pick up all the money on the ground.”

Luna was stunned... “President Shen, this, this is not good...”

“There is nothing wrong with it, just follow it.”

Luna's face became stiff, but it was an old fried dough stick, and she immediately reacted and whispered: “President Shen~ don't embarrass others. People like you, Mr. Shen, not Mr. Shen. Your money.”

Puff~!

Elior swears, this time he really couldn't help it!

"Alora Smith, teach her the rules." Despite Luna's coquettish eyes, Danny Shen didn't even bother to give her a look.

"Yes, President Shen." Alora Smith's eyes fell cold: "Luna, the customer is always right. If the customer wants you to get down, you have to get down, and the customer wants you to drink, you have to drink. You are also Donghuang The old man, why? Don't you even know the rules?"

"Sister Alora, I, I don't..."

"There are some things, think about it before you say it."

Luna gritted her teeth cruelly after hearing Alora Smith's words, and went down.

"Pick up all the money on the ground."

Luna was unwilling to pick up money.

Thinking that this matter is finally over, a faint command came from the top of the head: "Waist moves, hips shake, don't be like a dead fish."

Luna turned pale in an instant... This time, she finally realized one thing: Isn't her situation at the moment the same as Anna's situation in box 606?

She was pale and didn't know what to do.

Although she is a private room princess, she has never been so humiliated by any customer since she has been in the business for so long. Her self-esteem cannot be accepted, and she is not the kind of woman Anna who is willing to do everything for money!

Her value in Donghuang is not comparable to that of Anna Jian.

"Didn't you hear what Mr. Shen said?" Alora Smith coldly repeated, "Let you swing your waist and hips."

Luna is humiliated!

“Sister Alora! Mr. Shen! It’s a big deal, I don’t want this money anymore!” She is not rare to have the money on the ground! Luna stood up angrily.

She looked at Danny Shen angrily, “Mr. Shen, I won’t pick up these money, Luna, and don’t want it.”

Danny Shen’s thin lips hooked slightly, and said slowly: “Who said that the money on the ground is yours when you pick it up?”

Luna took a deep breath and exploded with anger: “Mr. Shen! Don’t think that you are a big man, you can act on me. In the Eastern Emperor, you must pay attention to the rules of the Eastern Emperor. I have to talk about the rules here!”

In Donghuang, almost everyone knows Danny Shen, but few people know Donghuang is Danny Shen. Of course, Donghuang is only a small industry of Danny Shen.

“Hahahahaha...” In such a serious atmosphere, Elio didn’t want to burst into tears from laughing, “Oh, my God! It’s interesting, Danny Shen, someone asked you to abide by Donghuang’s rules, what are you going to do?”

Danny Shen chuckled lightly: “You are right,” he looked at Luna: “In the East Emperor, you have to abide by the rules of the East Emperor. Unfortunately, in the East Emperor, I am the rules.”

Luna did not understand the meaning, Alora Smith nodded aside: “East Emperor Entertainment is an industry under the name of President Shen. So... Luna, if you still want a way to survive in the future, listen carefully to President Shen. Let Mr. Shen breathe out.”

Luna’s face was really white this time, she couldn’t be whiter.
